Happy new year Bill!!!

I hope this year is a good one for you. I did want to say how much we loved our wedding and all the work you did to help us achieve the perfect day. So many people were out dancing Tyler did a great job! The extra touches were wonderful. I loves how the crystal background looked in our photos! Oh and the co2 blast threw everyone for a loop. There were huge cheers!

If its possible could I have a cd of the slideshow you made? I have the first draft but not the final one. That would be awesome. People oooh'd and Ahh'd over that.

Thanks so much and I hope to stay in touch with you and Allison. You guys are such nice people, we really enjoyed getting to know you better.

Thanks a bunch,
Sarah and Luke Drake
