Bill,

I just want to say what an amazing job David Hall did for our wedding on 10-10-14! Even before the wedding when we had our final call he was super helpful and made me feel more at ease about the order of events. From the pre-ceremony music all the way to the last song he played EVERYTHING we asked for. This was really important to us since we had heard so many horror story's about DJs who never played the songs the bride and groom requested. We had a wide range of ages at our wedding and everyone loved David! He had the perfect amount of interaction and kept the party going! We still have people staying how awesome the music selection was and how it all flowed perfectly. David definitely went ABOVE AND BEYOND for us. He always checked in with us, and we were always on the same page. David even went as far as getting my husband a beer when he noticed his cup was empty!!! Who does something like that!!?? David Hall does!! Haha This was a huge deal for my husband, he was very impressed. :) Thank you for giving us the perfect DJ! His professional and energetic personality will most definitely be remembered! We can't say thank you enough!!! I will definitely be recommending Double Platinum DJ Service!

Thank you, thank you, thank you!!!! :)
